## ABOUT

Get a better mobile phone signal at home with a signal booster you can easily install yourself. Signal Hero Home Complete covers your home, with up to 600 square metres of coverage.

Install Home Complete using the provided installation guide, which includes step-by-step instructions, and access our UK-based customer support for assistance. The guide also helps you test your signal strength before and after installation.

Once installed, the Home Complete mobile phone signal booster delivers faster data, more reliable calls and messaging, as well as improved streaming, hotspotting, and app performance throughout your home.

It works with all mobile devices and UK networks, so everyone benefits, regardless of their provider, including 5G. There are no ongoing fees or subscription costs, and the product is backed by a 30-day money-back guarantee and a 2-year warranty.
